## Outlook and guidance

# Market outlook, expectations for 2017

## Finland

- Consumer demand to remain on a good level
- Investor activity to decline slightly, the importance of location remains significant
- Residential price polarisation between growth centres and other Finland to continue
- Availability of mortgages to remain good
- Tenant interest for business premises to pick up slightly in the growth centres. Investor activity on a good level, focus on especially prime locations in the capital region
- Business premises contracting to remain active
- New infrastructure projects to revitalise the market
- Construction costs expected to increase slightly
- Construction volume growth expected to slow down
- Bank regulation and increased capital requirements might have an impact on the construction and real estate development
- The increased competition for skilled labour due to high construction activity expected to continue

# Market outlook, expectations for 2017

## Russia

- Macro environment to remain stable on the current level, the stabilisation of the economy expected to have a moderate, positive impact on the residential market
- The weakening of ruble and expectations of decrease of interest rate to influence consumer behaviour
- Residential prices stable
- Residential demand to focus on affordable apartments
- Construction cost inflation to remain on a moderate level

## CEE

- Residential demand to remain on a good level
- Good access to financing, low interest rates to support the residential demand
- Residential prices to remain stable or increase slightly
- Shortage of resources to increase construction cost inflation

# Guidance for 2017 raised (segment reporting, POC) on July 13, 2017

**The Group revenue** is estimated to **grow by 5–12%**.

**The adjusted operating profit<sup>1</sup>** is estimated to be in the range of **EUR 105–115 million**.

*Previously, the Group revenue was estimated to grow by 0–10% and the adjusted operating profit was estimated to be in the range of EUR 90–105 million.*

In addition to the market outlook, the 2017 guidance is based on the following factors:

- At the end of June, 58% of the Group order backlog was sold.
- Projects already sold or signed pre-agreements are estimated to contribute over half of rest of 2017 revenue.
- The increased share of consumer sales in Housing Finland and CEE is likely to have a moderate positive impact on the adjusted operating profit of the segment but the impacts of the shift to consumers will be visible in the result gradually.
- In Housing Russia, the adjusted operating profit is estimated to be positive but to remain on a low level. Capital release actions in Russia are likely to have a negative impact on the profitability.
- Regarding the sales process of the Kasarmikatu 21 office project in Helsinki, based on the price and terms indications from potential investors and ongoing further negotiations YIT estimates that the transaction will be completed by the end of 2017. The transaction has a positive impact on the Group's adjusted operating profit.

<sup>1</sup>The adjusted operating profit does not include material reorganisation costs, impairment or other items impacting comparability

This presentation includes “forward-looking statements”. These statements contain the words “anticipate”, “will”, “believe”, “intend”, “estimate”, “expect” and words of similar meaning. All statements other than statements of historical facts included in this presentation, including, without limitation, those regarding the Company’s financial position, business strategy, plans and objectives of management for future operations, including without limitation those regarding the demerger plan and its execution, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause the actual results, performance or achievements of the Company to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Company’s present and future business strategies and the environment in which the Company will operate in the future. These forward-looking statements speak only as at the date of this presentation. The Company expressly disclaims any obligation or undertaking to disseminate any updates or revisions to any forward-looking statements contained herein to reflect any change in the Company’s expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based. The Company cautions you that forward-looking statements are not guarantees of future performance and that its actual financial position, business strategy, plans and objectives of management for future operations may differ materially from those made in or suggested by the forward-looking statements contained in this presentation. In addition, even if the Company’s financial position, business strategy, plans and objectives of management for future operations are consistent with the forward-looking statements contained in this presentation, those results or developments may not be indicative of results or developments in future periods. Neither the Company nor any other person undertakes any obligation to review or confirm or to release publicly any revisions to any forward-looking statements to reflect events that occur or circumstances that arise after the date of this presentation.

## Important information

This presentation has been prepared by, and the information contained herein (unless otherwise indicated) has been provided by YIT Corporation ("YIT") and Lemminkäinen Corporation ("Lemminkäinen"). By attending the meeting where this presentation is made, or by reading the presentation slides, you agree to be bound by the following limitations. This presentation is being furnished to you solely for your information on a confidential basis and may not be reproduced, redistributed or passed on, in whole or in part, to any other person.

This presentation does not constitute a notice to an extraordinary general meeting or a merger prospectus and as such, does not constitute or form part of and should not be construed as, an offer to sell, or the solicitation or invitation of any offer to buy, acquire or subscribe for, any securities or an inducement to enter into investment activity. Any decision with respect to the proposed statutory absorption merger of Lemminkäinen into YIT (the "Merger") should be made solely on the basis of information to be contained in the actual notices to the extraordinary general meeting of YIT and Lemminkäinen, as applicable, and the merger prospectus related to the Merger as well as on an independent analysis of the information contained therein. You should consult the merger prospectus for more complete information about YIT, Lemminkäinen, their respective subsidiaries, their respective securities and the Merger.

The distribution of this presentation may be restricted by law and persons into whose possession any document or other information referred to herein comes should inform themselves about and observe any such restrictions. The information contained herein is not for publication or distribution, directly or indirectly, in or into Canada, Australia, Hong Kong, South Africa or Japan. Any failure to comply with these restrictions may constitute a violation of the securities laws of any such jurisdiction. This presentation and any materials distributed in connection with this presentation are not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or which would require any registration or licensing within such jurisdiction.

No part of this presentation, nor the fact of its distribution, should form the basis of, or be relied on in connection with, any contract or commitment or investment decision whatsoever. The information contained in this presentation has not been independently verified. No representation, warranty or undertaking, expressed or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or the opinions contained herein. Neither YIT nor Lemminkäinen, nor any of their respective affiliates, advisors or representatives or any other person, shall have any liability whatsoever (in negligence or otherwise) for any loss however arising from any use of this presentation or its contents or otherwise arising in connection with the presentation. Each person must rely on their own examination and analysis of YIT, Lemminkäinen, their respective subsidiaries, their respective securities and the Merger, including the merits and risks involved.

This presentation includes "forward-looking statements." These statements may not be based on historical facts, but are statements about future expectations. When used in this presentation, the words "aims," "anticipates," "assumes," "believes," "could," "estimates," "expects," "intends," "may," "plans," "should," "will," "would" and similar expressions as they relate to YIT, Lemminkäinen, the Merger or the combination of the business operations of YIT and Lemminkäinen identify certain of these forward-looking statements. Other forward-looking statements can be identified in the context in which the statements are made. Forward-looking statements are set forth in a number of places in this presentation, including wherever this presentation include information on the future results, plans and expectations with regard to the combined company's business, including its strategic plans and plans on growth and profitability, and the general economic conditions. These forward-looking statements are based on present plans, estimates, projections and expectations and are not guarantees of future performance. They are based on certain expectations, which, even though they seem to be reasonable at present, may turn out to be incorrect. Such forward-looking statements are based on assumptions and are subject to various risks and uncertainties. Shareholders should not rely on these forward-looking statements. Numerous factors may cause the actual results of operations or financial condition of the combined company to differ materially from those expressed or implied in the forward-looking statements. Neither YIT nor Lemminkäinen, nor any of their respective affiliates, advisors or representatives or any other person undertakes any obligation to review or confirm or to release publicly any revisions to any forward-looking statements to reflect events that occur or circumstances that arise after the date of this presentation. The combined financial information is presented for illustrative purposes only. The combined income statement information has been calculated assuming the activities had been included in one entity from the beginning of each period. The preliminary revenue, adjusted operating profit and operating profit of the combined company have been calculated as a sum of combined financial information for the twelve months ended 31 December 2016. The combined financial information is based on a hypothetical situation and should not be viewed as pro forma financial information.

This presentation includes estimates relating to the cost synergy benefits expected to arise from the Merger and the combination of the business operations of YIT and Lemminkäinen, which have been prepared by YIT and Lemminkäinen and are based on a number of assumptions and judgments. Such estimates present the expected future impact of the Merger and the combination of the business operations of YIT and Lemminkäinen on the combined company's business, financial condition and results of operations. The assumptions relating to the estimated cost synergy are inherently uncertain and are subject to a wide variety of significant business, economic, and competitive risks and uncertainties that could cause the actual cost synergy benefits from the Merger and the combination of the business operations of YIT and Lemminkäinen, if any, to differ materially from the estimates in this presentation. Further, there can be no certainty that the Merger will be completed in the manner and timeframe described in this presentation, or at all.

## Notice to Lemminkäinen Corporation Shareholders in the United States

The YIT Corporation shares to be issued in connection with the merger have not been registered under the U.S. Securities Act of 1933, as amended (the "Securities Act") and are being issued in reliance on the exemption from registration set forth in Rule 802 under the Securities Act.

YIT Corporation and Lemminkäinen Corporation are Finnish companies and the issuance of YIT Corporation shares will be subject to procedural and disclosure requirements in Finland that may be different from those of the United States. Any financial statements or other financial information included on this presentation may have been prepared in accordance with non-U.S. accounting standards that may not be comparable to the financial statements of U.S. companies or companies whose financial statements are prepared in accordance with generally accepted accounting principles in the United States.

It may be difficult for U.S. shareholders of Lemminkäinen Corporation to enforce their rights and any claims they may have arising under U.S. federal securities laws in connection with the merger, since YIT Corporation and Lemminkäinen Corporation are located in non-U.S. jurisdictions, and some or all of YIT Corporation's and Lemminkäinen Corporation's officers and directors may be residents of countries other than the United States. As a result, U.S. shareholders of Lemminkäinen Corporation may not be able to sue YIT Corporation or Lemminkäinen Corporation or their respective officers and directors in a court in Finland for violations of U.S. federal securities laws. Further, it may be difficult to compel YIT Corporation or Lemminkäinen Corporation to subject themselves to the jurisdiction or judgment of a U.S. court.

Lemminkäinen Corporation's shareholders should be aware that YIT Corporation may purchase Lemminkäinen Corporation's shares otherwise than under the merger, such as in open market or privately negotiated purchases, at any time during the pendency of the proposed merger.
